The Langley Collection
Victorian Leg Design

Coffee Table

Model: 340-1220
Dimensions: 42" x 20" x 16"
Weight: 36lb.

Specifications

Table Frame Components: Table legs and aprons are harvested from certified sustainable sources and constructed of 100 % Solid European Beech Hardwood. All parts are cut, machined and assembled in the U.S.A.

Table Construction: Aprons are pre-assembled to top. Legs are interchangeable and replaceable. Legs attach using a metal corner brace and heavy duty steel inserts. All attachment hardware is provided.

Tops: All tops are constructed using an internal lumber banded core and are laminated with a high pressure laminate surface and a balanced backer sheet. Edges are CNC profiled and eased to eliminate sharp surfaces. Wood edges are finished in a coordinating stain finish.

Finish: Tables are available in a wide variety of standard finishes. Custom finishes are available upon request.

Finish Specification: All wood surfaces are finished in a 14 step process using a catalyzed conversion varnish, sealer and top coat. The conversion varnish finish offers superior moisture and chemical resistance and surface strength. Additional information is available regarding the finish process and the full features and benefits of conversion varnish.
