

This fixed height table features a fully welded unitized, steel base with a padded top.

Available Depth: 27"

Available Width: 72"

Fixed Height: 28"

Finishes and Specifications

Frame: Fully unitized frame, wire welded, 16 gauge tubular steel construction with 1-1/2" square tubing, butt welded to form a solid rectangular support frame under the top surface. Fixed legs are 1-1/2" 16 gauge steel tubing. Includes screw-in type floor levelers.

Frame Finish: Frame to be black with electrostatically applied powdercoat. All exposed metal parts to be prepared for coating with a five stage wash that includes iron phosphate bath and acidic sealer for rust inhibitor. Adjustable levelers, standard. Applied polyester powdercoat to be 2-3 mils in thickness and provide maximum chemical solvent, and UV resistance. Scratch resistance of finish to meet pencil hardness test of 2H or better.

Standard Color: Black or Platinum

Pad: Manufactured using a MDF base with 3" foam covered with customer specified vinyl with moisture barrier. A headrest is built into the padding. The headrest inclines from 3" pad height to 8" pad height from 54-72".

Fabric Requirement: 2.5 yards (non-directional)
