ENDURING DESIGN

The Siena Collection offers a timeless, contemporary look for any of today's healthcare settings. Whether Acute Care, Rehabilitation Centers or Assisted Living Communities - the Siena Collection can fit the need.

The vertically, grain-matched fronts utilize soft, yet durable 3mm PVC for exposed edges. The 1/8" rounded corners provide protection needed for high-use furniture.

The various base options in the Siena Collection leave plenty of room for customization, by the piece, to meet the needs of the facility.
